

Save The Persecuted Christians

Host a **SaveUs** exhibit

The **Save the Persecuted Christians Coalition** invites you, or your organization, to host our powerful and informative exhibit, *The People of the Cross* in your community. **The entire exhibit can be reproduced and shipped to you in approximately 48 hours for a suggested donation of \$2,500.**

This compelling portable display consists of 24 retractable pop-up banners (32" x 7") providing faces and factual information that make tangible the suffering experienced by followers of Jesus Christ in country after country after country. The Coalition is making this exhibit available for reproduction* and display in as many locations as possible across America.

In July 2018, the People of the Cross exhibit premiered at the annual Christians United for Israel Summit, and was shown in the U.S. Capitol Visitors Center (see below) as a side event for Secretary of State Mike Pompeo's U.S. Ministerial to Advance Religious Freedom.

By hosting our highly transportable *People of the Cross* exhibit in churches, civic centers or other venues in your hometown, **you can help** inform large numbers of your neighbors about the horrors being inflicted on hundreds of millions of people *simply because they believe in Jesus*.

Time is of the essence for those experiencing persecution. We can take advantage of the focus on public policy this fall to make the imperative of alleviating their plight an issue to be addressed by those who are, or hope to be, our leaders.

We seek soulmates who will help display this exhibit in scores of locations across the United States over the next few months. It's a big ask, but we believe – with your help and God's grace – we can make great things happen for the world's persecuted Christians.

To find out how you can help, contact the Coalition at Info@SavethePersecutedChristians.org or at the contact information provided below.

More than 215 million of the world's Christians are suffering heavy persecution, including torture, rape, crucifixion, enslavement, expulsion and genocidal murder.

Pictured here is Ibtisam, the widow of Samuel Ilhim – one of the 21 Coptic men beheaded by ISIS in Libya in 2015
